

# Privacy Policy

If you want to know what's happening with your data while using Caffeine be sure to read this document.

## What data is being collected

The application collects following data:

- Your MyAnimeList Username and Password

## What happens with gathered information

MyAnimeList.net credentials are used to authenticate you with the service.

The data will *never* be sold, distributed, or transferred to any third party.

## Security

Your credentials are stored by operating system mechanisms, they are written there once and read by your device(s) when direct interaction with myanimelist.net is required.
